Our Future

"Where are our playmates of yesterday,
The fellows we knew at school?
Where, oh where is the studious one?
And where, oh where is the fool?

Where, oh where, is the orator?
Whose passion it was to recite.
And where's the shy young lad?
Who could speak no piece unless
he succumbed to fright.

Where, oh where is the model boy?
Who was always the teacher's pet.
And where, oh where is the tough
young kid?
The one we can never forget.

The studious one so I've been told,
Is driving a hack these days.
The fool owns stock in a bank or two,
And an oil well that always pays.

The orator, I recently learned,
Is clerk in a dry goods store.
The shy young lad is in parliament,
These last ten years or more.

The model boy is behind the bars,
For stealing a neighbor's cow.
And what, you ask, of the tough young kid?
Oh! he's a preacher now."

Principal's

Message

Canada appears to be entering a new stage of national development. Our federal, provincial and municipal governments have recognized the growing need for well-trained technicians by establishing new vocational schools. One of the most significant educational developments in recent years has been the increased interest in vocational education. Problems of curricula, buildings and staff demand the attention of educationists throughout the nation.

Technical competence must now be added to initiative, natural ability and ambition to ensure success in some fields. It is fitting that Hardisty students have shown all of these qualities in the production of this yearbook. The fifth anniversary of our school could be marked in no better manner than in such a school project.

W. H. COULL
Principal

President's Message

The 1962-63 school year is drawing to a close. It has gone by very quickly. It was a short opportunity for us to get accustomed to our classmates, teachers and curriculum before we find ourselves in a new situation and a new school year. It is my sincere wish that all of us will have fond memories of Hardisty and a storehouse of knowledge which will serve us well in years to come. As we gain new privileges, may we not forget the responsibilities which must also be accepted. We owe a debt of gratitude to the staff of Hardisty for their enduring courage, patience and ability in helping us in our struggle for success.

I am very pleased to have been able to serve as president of the Hardisty Students' Council. It was an excellent opportunity to develop leadership ability, to work closely with other students and to gain an insight into the successful operation of a democratic organization. My appreciation for this opportunity is expressed by wishing each student success in the years to come.

BOB FISHER
President

Editorial

This first edition of the Black and Gold is a record of yesterday and today. It takes into account the achievements we have made in the past ten months.

We have been learning how to live with one another, how to recognize responsibilities and how to think for ourselves. But what are we to do with all of this learned knowledge? Because we all have certain responsibilities, interests and desires, there is a place in society for each and every one of us.

We have been very fortunate in having such a capable group of people to guide us to our future. Mr. Coull, our Principal and Mr. Wedder, our Assistant-Principal along with Mrs. Wood and Mr. Bjorgum, our Counsellors, have spent many hours listening to the never ending problems brought to them. Without our understanding teachers, many of us would have been discouraged before the year was over.

Many thanks are given to Mr. Sawchuk and Mr. Hansen, the yearbook advisors who along with the yearbook staff have put many hours into this project.

I hope the year 1962-63 will never be forgotten by any of you. It has been a wonderful and eventful year.

Good luck to you all !!

Sylvia Tymchuk,
On behalf of the editorial staff

- Joan Hartog
- Judy Nikirk
- Gaye Blacklock
- Jim Gurnett
